Experience

TEAM LEAD - KYC CLIENT OPS ANALYST | 02/2023 - Current

JP Morgan Chase & Co. - Bangalore

- Perform end-to-end KYC processing and quality checks on various entities, including corporate clients, partnerships, trusts, foundations, and individuals, ensuring full compliance with AML, CIP, FATCA, and other regulatory standards
- Manage and prioritize KYC maintenance tasks, including comprehensive review of documentation, tax form processing (W-8BEN-E, W-8BEN, W-9, CRS), and ongoing updates to client KYC information
- Conduct CDD assessments for new and existing clients, evaluating risk levels and validating client information to mitigate potential fraud and money laundering risks
- Execute Enhanced Due Diligence (EDD) on high-risk clients, implementing additional scrutiny measures to ensure compliance with AML and CIP policies
- Conduct risk assessments during KYC processes to identify potential red flags and escalate high-risk clients for further investigation
- Collaborate with internal teams and front-office to gather and validate CDD information, ensuring accurate refreshing of client accounts in line with jurisdictional policies
- Review and validate all KYC documentation for accuracy and compliance with internal policies and regulatory requirements
- Maintain and create KYC records for clients in accordance with regulatory standards and audit requirements
- Conduct sanctions screening, PEP, and negative media searches, resolving false positives and escalating potential matches to the compliance team for further investigation
- Work closely with the Global Financial Crimes Compliance (GFCC) team to address issues or suspicious findings and

obtain necessary approvals

- Participate in KYC remediation projects, focusing on identifying gaps in KYC records and implementing corrective actions to ensure compliance with regulatory requirements
- Engage with senior stakeholders to drive process improvements, enhance customer experience, and implement best practices in KYC processes
- Identify areas for improvement within KYC/CDD processes, propose recommendations, and implement procedural changes to mitigate operational and compliance risks
- Handle escalated KYC-related emails, providing timely resolutions for complex issues and ensuring adherence to KYC requirements
- Support User Acceptance Testing (UAT) for system enhancements related to KYC processes
- Train new team members on KYC processes to ensure adherence to compliance standards
- Prepare and present MIS and dashboard reports to track pending tasks, turnaround times, and drive process efficiency.

SENIOR KYC ANALYST | 01/2018 - 01/2023

CITI Corp Services India PVT. Ltd - Pune

- Supported the front office in onboarding corporate entities, trusts, partnerships, and foundations by verifying KYC, CDD, and account opening documents, ensuring compliance with AML and CIP policies
- Conducted sanction screening, including PEP, SDN, SPF, Adverse Media, and Negative News checks, in alignment with Citi Procedures and global regulations
- Reviewed AML screening alerts, efficiently resolving false positives and escalating confirmed matches to the compliance team for further investigation
- Executed Enhanced Due Diligence (EDD) for high-risk clients during onboarding, mitigating risks related to fraud, money laundering, and terrorist financing
- Managed Client Due Diligence (CDD) for high-risk institutional clients, ensuring adherence to global KYC procedures
- Conducted risk assessments to identify and address red flags during onboarding
- Collaborated with the front office to ensure accurate and complete documentation for account openings, adhering to regulatory standards
- Reviewed and processed tax forms (W-8BEN-E, W-8BEN, W-9, CRS) to ensure FATCA and CRS compliance during onboarding
- Verified KYC and CDD documentation for all clients, ensuring compliance with AML and CIP policies and maintaining data integrity
- Maintained and updated KYC records, coordinating with the front office to secure necessary client documentation
- Worked with AML & Compliance teams to secure approvals for onboarding, especially for high-risk clients
- Trained new employees on KYC, CDD, and client onboarding processes to ensure adherence to compliance standards
- Supported UAT (User Acceptance Testing) for system enhancements related to KYC and onboarding processes
- Prepared and presented MIS and dashboard reports, tracking pending tasks and TAT records to improve process efficiency.

OPERATIONS EXECUTIVE | 09/2016 - 11/2017

Aditya Birla Sun Life Insurance Pvt. Ltd. - Pune

- Managed cash counter operations, including cash handling, cheque processing, and maintaining accurate daily cash records
- Verified KYC documentation and application forms of clients before creating records and issuing policies, ensuring compliance with regulatory and internal standards
- Reviewed and verified client requests for policy surrenders, loans, and death claims, ensuring all documentation was complete and compliant prior to submission to the finance team for payout processing
- Created and maintained KYC records for clients, ensuring accuracy and adherence to regulatory requirements
- Performed ongoing maintenance of client profiles based on requests, ensuring all updates complied with regulatory and internal policies
- Created CRM interaction IDs to effectively track and resolve customer queries, enhancing the client experience
- Prepared and delivered MIS reports to senior management, providing insights into daily business operations.
